KEY SELLING POINT

The VIVO 5R is the sixth generation of the Vivo Series, which includes flagship performance and best design in its price category. It's visually stunning 5.5-inch Full HD 1080p display ensures you will see images clear and crisp. Also, a uniquely designed curved touch panel and stylish metal housing makes this smartphone a beautiful piece of art.

Powered by a lightning fast and battery efficient 64-Bit MediaTek 1.3GHz Octa Core processor and 3GB RAM, you will enjoy a fast response time from every app and enjoy unmatched multi-tasking capabilities. A long lasting 3,150 mAh battery combined with Quick Charge capabilities will keep your VIVO 5R on at all times.

The VIVO 5R brings two new high-end cameras into this affordable price point. The main camera is a 13MP Sony IMX258 sensor with Phase Detection Autofocus for quick and crisp shot-taking. For the front, we have upgraded to an 8MP wide-angle with LED Flash, for all the selfie lovers out there. Furthermore, there is many software camera features and configurations with which you will be able to shoot, edit, and post your pictures and videos with ease.

As a bonus, there is a built in Fingerprint Sensor to easily unlock your phone, access pictures and emails with a single touch. It uses highly sophisticated algorithms to recognize and securely match your fingerprint at blazing speeds.

PREMIUM DESIGN

The VIVO 5R showcases the attention to detail that BLU smartphones are renowned for. The use of the advanced curved glass on the display gives it a smooth liquid surface finish. An aluminum battery cover instills rigid structure and reliability, at the same time offering a premium grade material. Available in Slate Grey and Lush Gold, the VIVO 5R is a stunning device

STUNNING DISPLAY

The VIVO 5R's brilliant 5.5" Full HD Display will give you an immersive view from every angle. You will find the Full HD 1080x1920 pixel display which results in over 400ppi for the ultimate viewing experience. Just about everything on this phone will look sharp and vivid.

CURVED DISPLAY

The VIVO 5R adds a curved touch panel for both ergonomic and aesthetic purposes. Better viewing angles and sunlight legibility are just some of the many improvements the special glass provides. In addition, it provides a gorgeous look and feel.

POWERFUL PROCESSOR

The MediaTek 6753 1.3GHz Octa Core processor works simultaneously with 3GB RAM, so that you get an impeccable user experience each and every time you use your VIVO 5R. To store your movies, music, and pictures you have 32GB of internal memory, expandable up to 64GB via Micro SD Card.

DUAL SIM CARD **1** **2**

The VIVO 5R gives you several advantages that you can't let pass by. With two SIM slots, you won't have to worry about exchanging SIM cards from one phone to another, carrying two phones in your pocket or charging two devices. You can even take advantage of different voice/data plans for better rates, better coverage, and separate bills. Set apart personal calls and business calls and avoid roaming charges by having a domestic carrier SIM and an international carrier SIM.
