ANDROID 6.0 MARSHMALLOW

Android v6.0 Marshmallow new features:

- Doze: When your device is at rest, Doze automatically puts it into a sleep state. So your phone can still set off your alarm in the morning even if you forgot to charge it. Phew!
- App Standby: No more battery drain from seldom used apps: App Standby limits their impact on battery life so your charge lasts longer.
- Permissions your way: No need to give apps access all the time. Android Marshmallow lets you define what you want to share and when. Turn permissions off at any time, too.
- Simplified security with your fingerprint: Skip the crazy passwords: The key is at hand. Your fingerprint unlocks your phone and lets you securely breeze through sign in and checkout on Android Pay, the Play Store and even in apps.
