STUDIO X MINI

KEY SELLING POINTS

Redefining what awesome value truly is, allow us to introduce, the Studio X Mini. This **4.5” smartphone** doesn’t just offer compact and streamlined efficiency, but also gives you a huge leap in speed with awesome LTE service!

Powered by the **Mediatek 6735 1.0GHz Quad Core processor**, everything about this device is built to be quick and versatile. Rocking the latest and greatest **Android v5.1 Lollipop**, and backed by the awesome speed of LTE networks, this device is built to like lightning in a bottle.

A beautiful 4.5” display that features the bright and vivid colors for playing games and watching movies. It will have the clarity you can depend on.

With a fantastic **5MP main camera** with auto focus, and a secondary **VGA camera**, you can be assured that you will be prepared for all of life’s moments. For those looking for a compact, fully loaded device, the search is over!

STUDIO X MINI

THE PERFECT DESIGN

Simplicity and pure define the design methodology of the Studio X Mini, with attention to the ergonomic form to fit comfortably in users hand. With a **polished front frame** that rounds the perimeter of the touch panel, the battery covered in a **stylish perforated pattern**, the Studio X Mini offers great design at minimal complexity. Available in black and white, the selection is as easy as the phone itself.

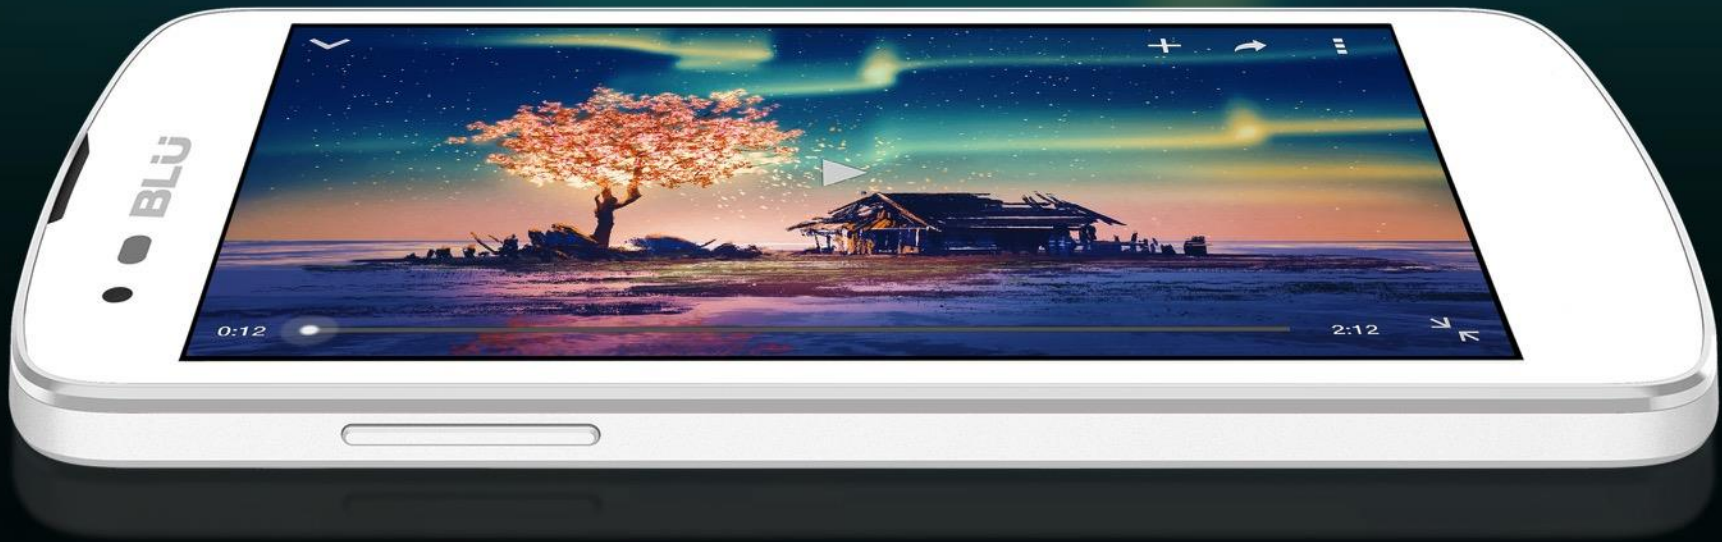

PICTURE TIME

With a great **5MP main camera**, with Auto focus, you never have to be worried about being caught unaware.

You will always be ready to capture whatever life throws your way, because the Studio X Mini will be in the palm of your hand ready to take it on with you.

If Selfies are your thing, or maybe you just want to be able to video call your loved ones, then don't you worry, the Studio X Mini is there for you too. With a **VGA front camera** you know you'll always have options to keep in touch with those you care about.

GREAT THINGS COME IN SMALL PACKAGES

With a compact **4.5" display**, all your video media will stream like a dream, and offer you a wonderfully full and crisp viewing experience. While you're on the go, you never have to worry about missing your favorite movie, show, or even home video, ever again.

STUDIO X MINI

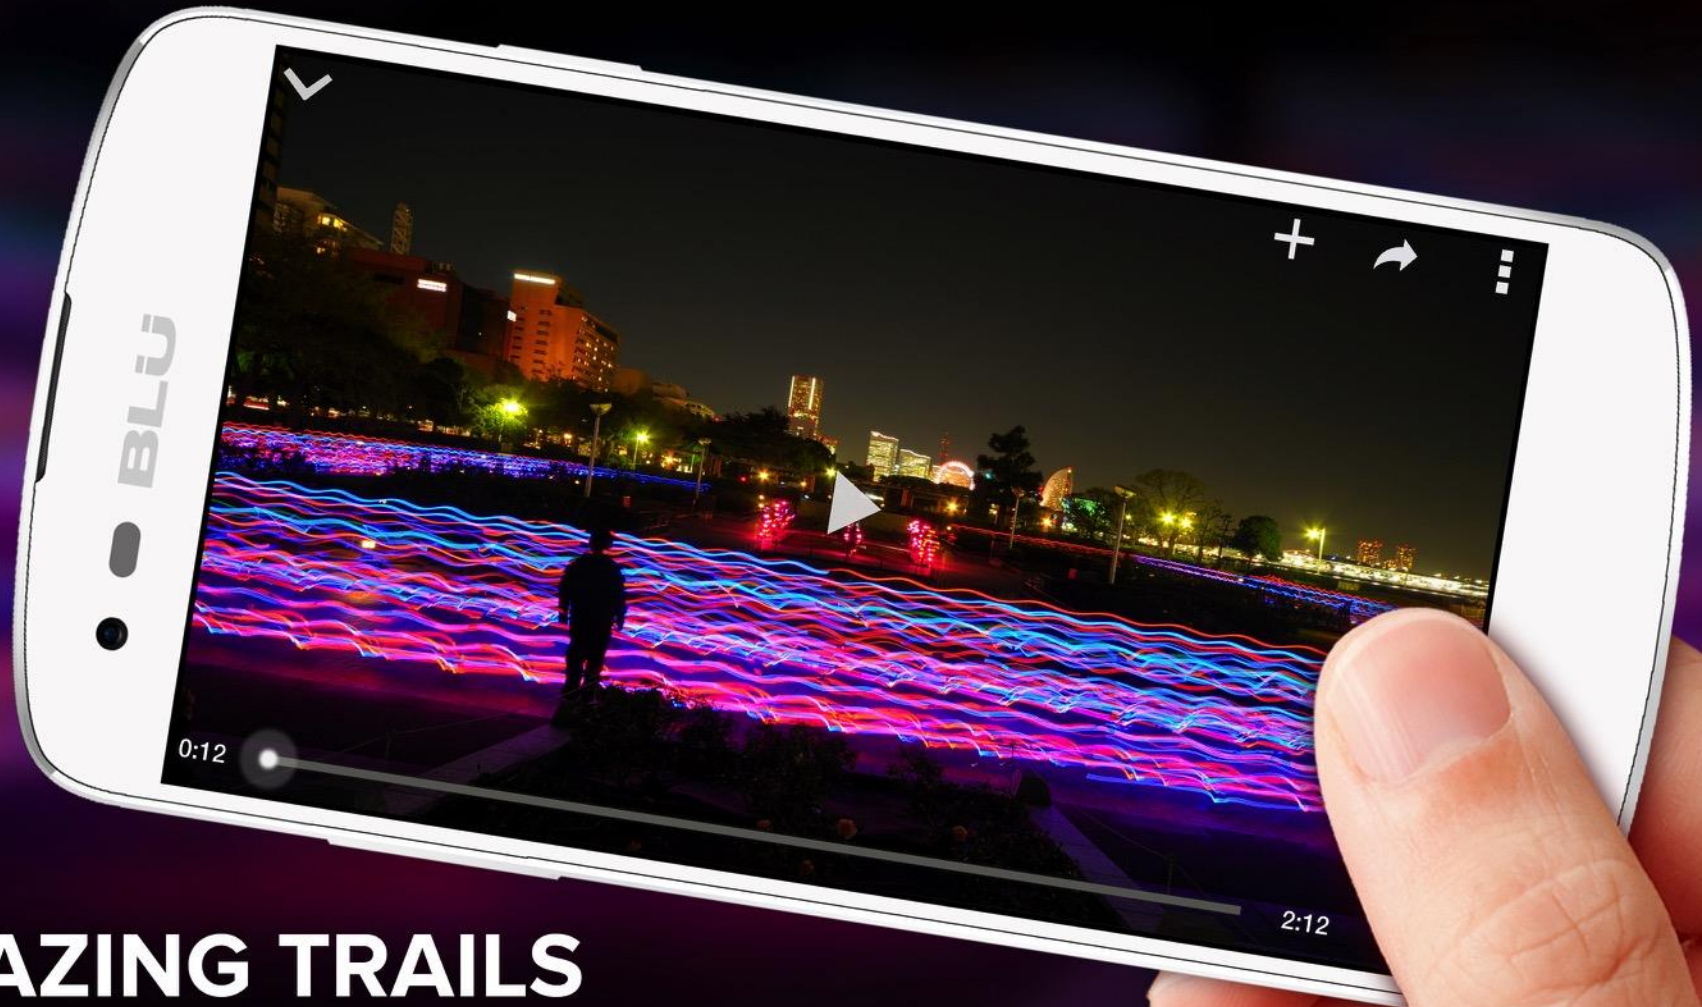

SMALL BODY BIG HEART

Users deserve the peace of mind of knowing that their device is going to be able to keep up with whatever they throw at it. For that reason we have packed an awesome **Mediatek 6735 1GHz processor**. Coupled with **1GB of RAM**, and the awesome **Android v5.1 Lollipop**, this device really moves, giving users a fluid and easy to use experience, which handles multitasking like a champ.

MEDIATEK

everyday genius

BLAZING TRAILS

Access your digital life at speeds up to 10x faster than 3G.

No matter what GSM carrier you have in the United States, you will be able to enjoy blazing fast speeds.

The Studio X Mini comes with Band 2 (1900MHz), Band 4(1700MHz), Band 7(2600MHz), Band 12(700MHz), Band 17(700MHz). In 3G it has 850/1700/1900/2100.

ANDROID 5.1 LOLLIPOP

Android v5.1 Lollipop new features:

- Redesigned user interface that is friendly and intuitive.
- Lock screen notifications that offer quick actions as well as quick access.
- Project Volta, which will improve battery life better than any previous version.
- Switching between applications or multitasking is now easier with a complete look at all your open applications.
- Multiple users and guest mode is now available, so you can share your device with the confidence of your personal information, staying personal.

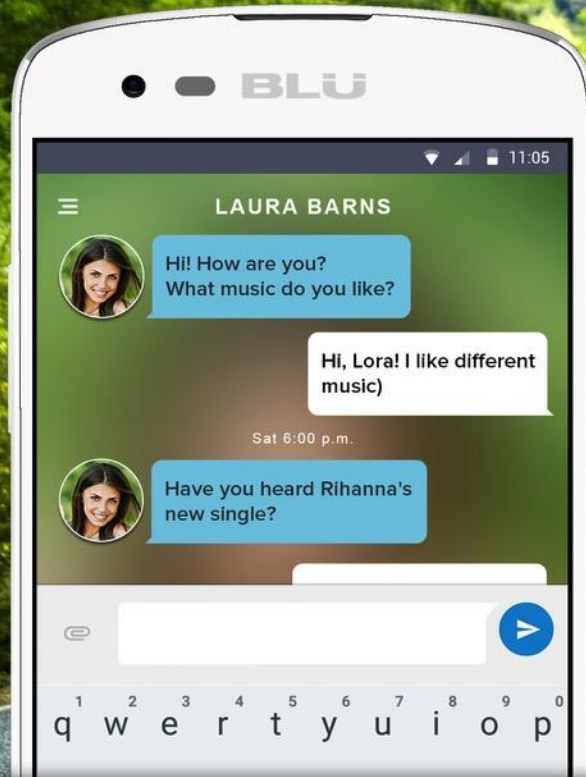

DUAL SIM CARD **1****2**

A Dual SIM gives you several advantages that you cannot let pass by. Having two SIM slots in your mobile device, there isn't anything to worry about: **Exchanging SIM cards from one phone to another • Carry two phones in your pocket • Remember to charge two devices.** You could take advantage of different voice/data plans for better rates, better coverage, and separate bills. You can set apart personal from business phone calls. For the international traveler, a DUAL SIM phone could avoid roaming charges by having a domestic carrier SIM and an international carrier SIM.
