STUDIO G MAX

key selling points

The STUDIO G MAX comes with a bright and vivid 5.2" HD curved glass display with BLU infinite View (IPS) technology for your viewing pleasure. It's metal housing ensures great reliability and premium aesthetic quality.

A reliable and efficient Mediatek 6580 chipset with 1.3GHz Quad Core processor, paired with 8GB of internal memory and 1GB of RAM makes multitasking a breeze while its 8MP camera with f2.0 aperture will help you capture the best quality photos. Awesome selfies are possible with the 5MP front camera with LED flash.

To complete the package, your STUDIO G MAX comes with Android v6.0 Marshmallow out of the box.

Core processor

Teamwork makes the dream work! BLU and MediaTek have come together to bring you the STUDIO G MAX based on a 6580 platform with 1.3GHz Quad Core processing speed and 1GB of RAM.

STUDIO G MAX

Gorgeous Design

The design of the STUDIO G MAX is a combination of artistry and quality materials. The addition of a metal battery cover gives it a premium look and feel. Its smooth curved glass showcases the quality and craftsmanship that makes the STUDIO G MAX a real work of art. Available in Grey, Gold and Rose Gold there is a color for everyone.

Real metal

The STUDIO G MAX is made from real aluminum metal. Not Plastic.

Manufactured with high end materials to give you the best touch experience and the most value.

Vivid display

The STUDIO G MAX rocks a vivid and bright 5.2" HD display with BLU Infinite View (IPS) technology. Explosive color output with BLU Tru View Display technology will bring your images to another level. Matched with a smooth and gorgeous curved glass display, you will have a sophisticated viewing experience.

Curved glass

The STUDIO G MAX comes with a curved glass touch panel for ergonomic and aesthetic purposes. Better viewing angles and better legibility under direct sunlight are just some of the many improvements of this feature, in addition to its gorgeous look and feel.

Picture time

With a 8MP camera and a 5MP front selfie camera with LED flash, the STUDIO G MAX offers a fully optimized camera experience. Its f2.0 aperture, will ensure all your images are so life-like you will want to cherish them forever.

FRONT FLASH

Front flash

If you find yourself in a low-lit area, use the front flash to get the best exposure.

Android 6.0 Marshmallow

Redesigned user interface that is friendly and intuitive.

Lock screen notifications for quick actions and quick access.

Project Volta for better battery life than any previous version.

Multitasking is now easier with a look at all your open applications.

Multiple users and guest mode make it easy to share your device without compromising your personal information.

Dual SIM **1** **2**

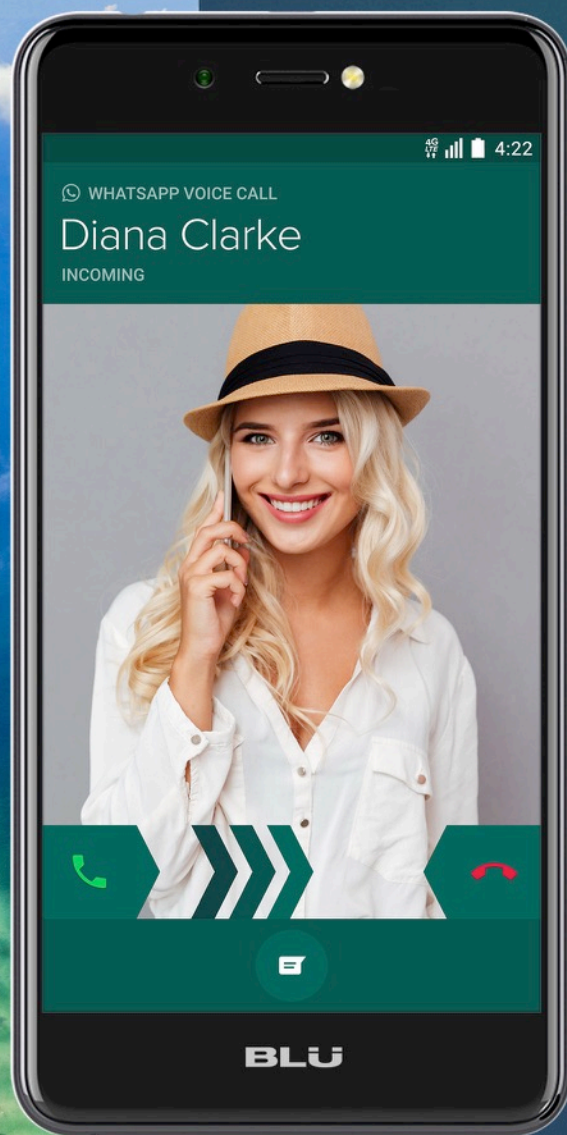

The STUDIO G MAX gives you several advantages that you can't let pass by. With two SIM slots, you won't have to worry about exchanging SIM cards from one phone to another, carrying two phones in your pocket or charging two devices.

You can even take advantage of different voice/data plans for better rates, better coverage, and separate bills. Set apart personal calls and business calls and avoid roaming charges by having a domestic carrier SIM and an international carrier SIM.
