KEY SELLING POINTS

With a sleek and stylish look, the Studio XL has a **thin bezel** and **vivid 6.0" IPS display** which makes it easier to see the tiniest details in your pictures or documents.

The large display enables efficient multitasking and a maximum viewing experience. Measuring at just **8.7mm**, the device not only looks good but feels great in your hand.

Capture remarkable photos and videos with an advanced performance **8.0 Megapixel** main camera, including LED Flash, and **Full HD 1080p** video recording. A **2.0 Megapixel** front facing camera for selfie lovers and video calls.

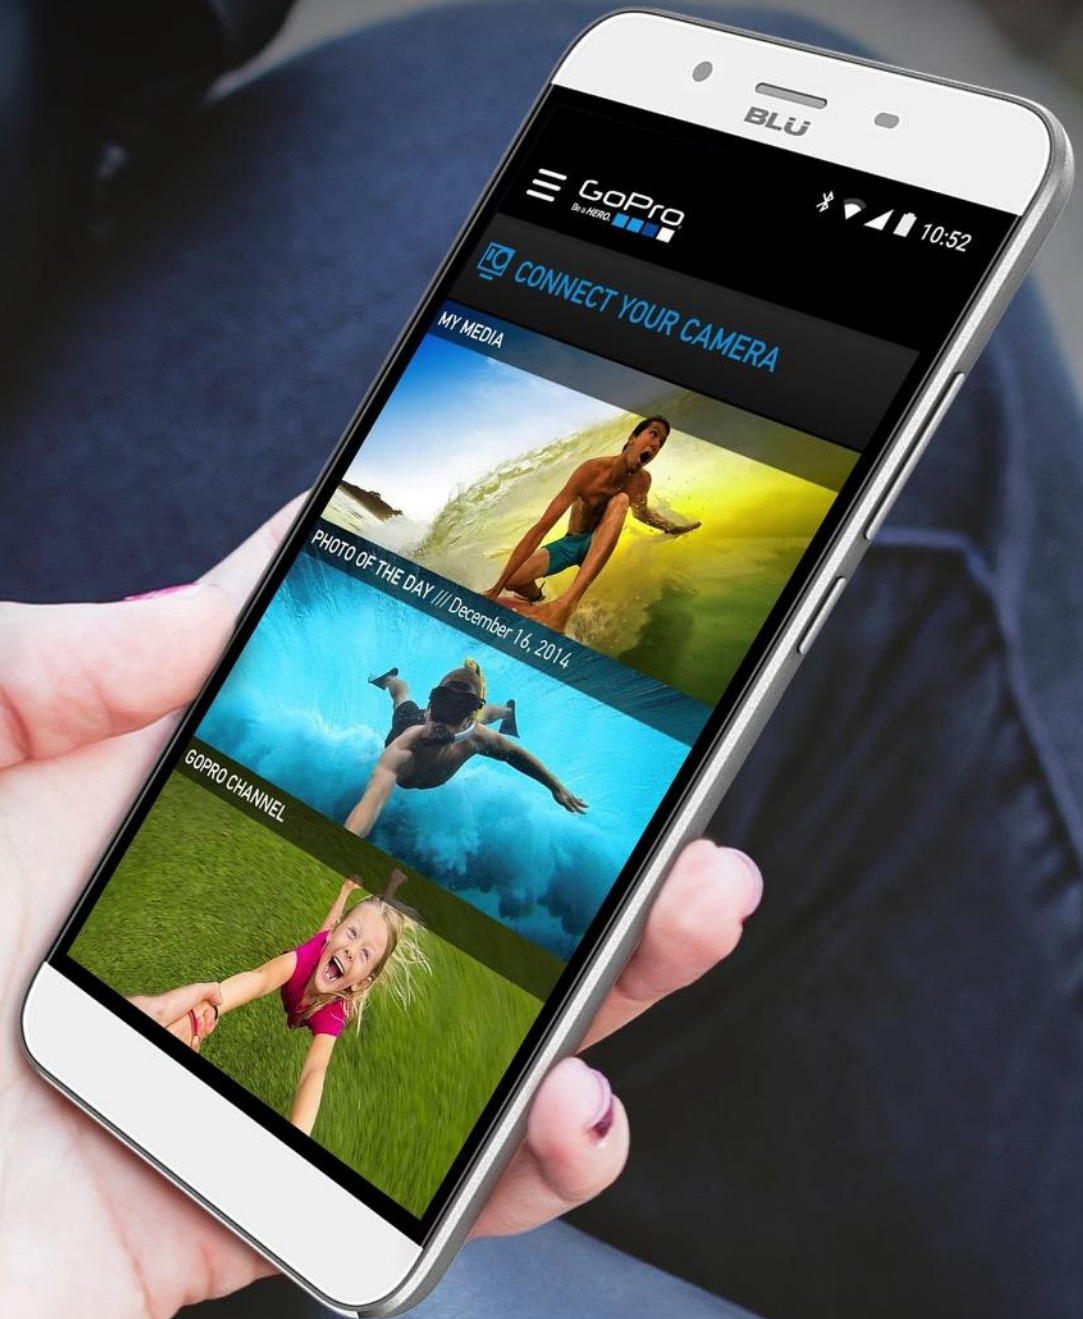

Powering the Studio XL is a speedy **Mediatek 1.3GHz Quad Core processor** paired with **1GB RAM**, that will make the user experience smooth and easy.

A generous 8GB internal storage provides space for all music, picture and files. With the latest improvements and newly added features in **Android 5.0 Lollipop**, the Studio XL is the best phone you can get.

STUNNING VIEWING EXPERIENCE

A massive size display comes with vivid and bright quality. The 540x960pixel display has **BLU Infinite View (IPS)** and **Nex Lens Technology (OGS)** to assure the best representation of every detail that is popping out of your screen. The Studio XL's 6.0" display makes it easier to see the smallest details and provides you the space you need to get things done.

OUTSTANDING CAMERA EXPERIENCE

The **8 Megapixel** camera captures amazing photos and video records up to 1080p HD Resolution for the most memorable moments. Stay connected with family and friends via video call, thanks to its **2 Megapixel** front camera.

The Studio XL includes many great features such as **smile detection, autofocus, geo-tagging, HDR, panorama mode, face beautification**, and more. It also includes **BLU Bright+ Technology** which allows you to take the best pictures in dark environments and illuminates objects in both the fore and background.

AMAZING BATTERY LIFE

The last thing you need to be worried about is how much battery life your phone has left. There is a long lasting **3000 mAh** battery on the Studio XL to give you over 2 days of standard usage.

2 DAYS OF
STANDARD USE

30 DAYS STAND BY

ELEGANT DESIGN

Measuring at just **8.7mm** with a super thin bezel, the Studio XL is a beautiful device inside and out. Along with the electrolyzed front frame, attention to detail is evident on the flawless touch panel color decors.

The touch panel matches the back cover of the device to form a harmonized smartphone. It is the perfect combination of the latest touch panel technology with gorgeous sense of design.

DUAL SIM CARD DUAL SIM 1 2

A **DUAL SIM** Phone gives you several advantages that you cannot let pass by. By having two SIM slots in your mobile device, you do not have to worry about:

- Exchange SIM cards from one phone to another
- Carry two phones in your pocket
- Remember to charge two devices

You could take advantage of different voice/data plans for better rates, better coverage and separate bills. You can separate personal from business phone calls. For the international traveler, a DUAL SIM phone could avoid roaming charges by having a domestic carrier SIM and an international SIM.
